

## Kettle 1.5l with a whistle Diamante graphite matte

What do you value most in kitchen accessories? Durability, aesthetics, functionality? With the Vialli Design Kettle, you don't have to make that difficult choice! The product was made so that it would serve for many years, allow for comfortable use and please the eye.

18/10 stainless steel provides an attractive, bright metal color and resistance to scratches, mechanical and chemical damage. The whistle kettle will also survive high temperatures. The 3-layer bottom with a thickness of 0.3 cm heats up quickly, distributes heat evenly and maintains the temperature for a long time. Thanks to this, you can quickly boil water for tea or coffee and pour the cup even after a few minutes. Thick walls additionally inhibit heat. Solid construction and well-thought-out construction make the kettle a durable tool that will stay in your kitchen for a long time - even with intensive use.

The strong, foldable Bakelite handle does not get hot during cooking. Thanks to this, you can use the kettle without the need to wear protective gloves. The removable lid makes it easy to refill the vessel with water. The product will hold 1.5 liters of liquid at a time, which is enough for about 5-6 glasses of your favorite drink.

The Vialli Design kettle is available in 4 variants:

- polished steel,
- brushed steel,
- polished graphite,
- matte graphite.

Each of them is dishwasher safe. You can use them on all types of cookers, including induction. Thanks to this, the product will be perfect for modern kitchens.
